The Medical Clown Project invites you to join us for our annual circus gala event!

Circus
Grand Rounds will be a unique afternoon of extraordinary acrobatic feats and clown performances from top circus performers, live music, and tasty treats! The audience will also experience a rare close-up view of therapeutic medical clowning: the practice our Medical Clowns use to work with patients, their families, and supporting medical teams on their 'rounds' at partnering health care facilities.

What is the Medical Clown Project?

The Medical Clown Project is a non-profit organization that provides therapeutic medical clowning as an integral part of patient-centered care.

50,000+
 people served
 in the Bay Area
 since 2010!

Our Medical Clowns are professional clowns who have performed around the world with the likes of Cirque du Soleil, Ringling Brothers Barnum & Bailey Circus, and the list goes on!

Trained in therapeutic medical clowning as part of the multidisciplinary medical team, they help increase patient well-being and to promote the efficacy of healthcare delivery. Research demonstrates the far-reaching impact with a variety of patients: from dementia and Alzheimer's and children undergoing surgery, to increasing success rates of IVF (pregnancy) and more.

Right now the Medical Clown Project is reaching a critical point in its growth as an organization: we are being called to serve nationally and internationally. Please support our expansion to help those who need it most!

What will your contribution do?

- **Rounds**
 We work in ethnically and linguistically diverse communities to improve patient-centered care
- **Outreach**
 As diseases like Alzheimer's are on the rise, we need to grow
- **Education**
 Educating on the benefits Medical Clowning practice, what caretakers and medical staff can do
